1. HGP, as the holder of this Authority to Survey (“**Authority**”), must arrange survey operations in accordance with the Surveying and Spatial Information Regulation 2017 and the Pipelines Regulation 2023.
2. HGP, as holder of the Authority, must observe and perform any instructions given by the Secretary of the Department of Climate Change, Energy, the Environment and Water (“**the Department**”) with a view to minimising effects on the environment, the owners or occupiers of affected Lands or their stock, standing crops, produce or any improvements made to their land.
3. Access to Lands for which the Authority is granted is limited to those areas that are reasonably necessary to survey for possible pipeline routes and associated apparatus or works. Access to private dwellings or gardens is not permitted.
4. HGP, as holder of the Authority, must have attempted a reasonable level of negotiation and/or communication prior to using the powers of the Authority. HGP must demonstrate this to the Department prior to providing written notice to owners or occupiers of Lands of intent to access Lands under the powers of the ATS.
5. Survey operations carried out under this Authority must be conducted in a responsible manner so as not to cause damage to any person or stock, and to minimise damage to or effects on property and the environment. In particular, HGP, as holder of the Authority (or their agents), must:
 - I. For all Lands, give at least fourteen calendar days written notice to the owner or occupier of the land prior to conducting surveys on their land, advising of the times when the surveys will be undertaken;
 - II. For all Lands, contact the owner or occupier of the land at least fourteen days prior to conducting surveys on their land and ask them to provide verbal or written details of any specific and reasonable entry requirements such as biosecurity plans or request for reasonable reschedule via written notice no later than seven days before the nominated survey date;
 - III. Comply with the reasonable requirements of owners or occupiers of Lands;
 - IV. Not unduly interfere with the activities of owners or occupiers of Lands or their stock; vehicular access through standing crops or paddocks with nursing livestock is not permitted;
 - V. Not unduly interfere with the rights of the holders of co-existent mining or prospecting titles;
 - VI. Not interfere with any fence or cut, destroy, ringbark or remove any growing trees or other vegetative cover on Lands except where these directly obstruct or prevent the carrying out of the authorised surveys and then only with permission of the relevant owners or occupiers;
 - VII. Not cause or aggravate soil erosion, and provide appropriate means to prevent or minimise soil erosion and the spread of weeds and disease on Lands;

- VIII. As far as practicable, utilise existing roads and tracks for the purpose of access to and on Lands, avoid driving across or through cropped paddocks, and on entry and exit, ensure that any gate is returned to the position it was in before entering or exiting;
 - IX. Not take dogs or firearms onto Lands;
 - X. Make such provisions for sanitation as may be necessary on Lands including provision for disposal of any refuse;
 - XI. Not cause or start any fire and take all precautions against outbreak of fire on Lands surveyed and at all times comply with the provisions of the *Rural Fires Act 1997*;
 - XII. Not interfere with or impede the use of any road, track, transmission line or telephone line on Lands and adjacent areas;
 - XIII. Make good any damage caused to property, stock or the environment on Lands and adjacent areas as soon as is practicable after any damage is caused;
 - XIV. Conduct and provide on request from owners or occupiers of Lands evidence of Police Checks for all contractors entering private Lands;
 - XV. Ensure all contractors entering Lands comply with relevant State and Federal health guidelines in relation to Covid-19 restrictions (or any other relevant health order as they apply);
 - XVI. Provide a copy of the Certificate of Currency for relevant liability insurance to the Department as proof of sufficient cover in place for survey activities;
 - XVII. Ensure any personnel entering Lands on behalf of HGP is required to sign onto and adhere to the owners or occupiers of Lands biosecurity plan and logbook, where relevant. Vehicle wash down certificates must be presented to owners or occupiers of Lands on request; and
 - XVIII. Comply with all relevant biosecurity guidelines, policies or alerts in relation to international travel. This includes but is not limited to not accessing Lands using the powers of the ATS within 14 days of return from regions impacted by biosecurity issues.
6. HGP, as holder of the Authority (or their agents), must carry out survey activities during business hours on Mondays to Fridays. The prior consent of the owner or occupier of land is required before carrying out any survey of their land under this Authority outside business hours, on weekends or on public holidays.
 7. HGP, as holder of the Authority, indemnifies the Crown, the Minister, the Secretary of the Department and the Department and shall keep them indemnified against all claims, costs, expenses, demands, legal process, judgments, or awards arising from or relating to any act or omission of HGP or their agents (whether negligent or not) in relation to HGP obligations under this Authority.
 8. HGP, as holder of the Authority, must exhaust reasonable attempts to resolve a dispute with owners or occupiers of Lands in relation to compliance with the conditions of the Authority. On the request of owners or occupiers of Lands and/or HGP, the Department will determine the validity of the dispute. The Department will review and provide direction to resolution.

9. HGP, as holder of the Authority, must conduct Aboriginal Cultural Heritage Assessment on Lands under the powers of the ATS when those Lands are public or Crown lands. This assessment will inform the management and protection of artefacts and sites identified during the cultural heritage assessment for the purposes of complying with legislation and conditions of consent on project commencement.
10. HGP, as holder of the Authority, where conducting Aboriginal Cultural Heritage Assessment under Condition 9 must engage two cultural heritage monitors. One nominee from the registered native title applicant / holder (where applicable) and one nominee from the Local Aboriginal Land Council (or 2 from Local Aboriginal Land Council where there is no registered native title applicant / holder). Nominees must be contacted at least fourteen days prior to conducting surveys on Lands. Nominees must provide verbal or written details of any request for reasonable reschedule via written notice no later than seven days before the nominated survey date.
11. HGP, as holder of the Authority, must hold public liability insurance for a sum of not less than \$20,000,000 in respect of any one claim and on demand supply a certificate of currency to any owner or occupier of land on which they wish to conduct surveys under the Authority.
12. HGP, as holder of the Authority (or their agents), must not inform the owner or occupier of any Lands that their land may be subject to compulsory acquisition, unless the owner or occupier is informed at the same time that acquisition must be approved by the Minister and the owner or occupier will be able to state their case opposing acquisition, before the Minister will make any decision on the matter.
13. HGP, as holder of the Authority (or their agents), must at all times make it clear to owners or occupiers of Lands that any survey conducted under this Authority is being conducted in accordance with an authority granted by the Minister; and must produce the Authority to the owner or occupier of land when conducting a survey on their land in accordance with the Authority, or otherwise on request of the owner or occupier.
